How wonderful it is that nobody need to wait a single moment before starting to improve the world.

**WE RISE BY  
LIFTING  
OTHERS.**

**WE YEARN TO SEE A  
WORLD ...**

Where friendship and tolerance replace mistrust, hatred and vengeance ...

Where all children enjoy the right to freedom, education and security ...

Where all children can live happily in harmony ...

Where war, bloodshed and violence are completely eradicated.

## WHAT EVA LONGS FOR...

My sister and I wish to be nurses one day to help people in our village. We love to join other children in learning, but we don't have a school here.

Help our wish come true.

Eva (Right) and her sister Shiva (Left) in a town in Baluchestan province.

## CHILDREN: THE FUTURE OF OUR SOCIETY

The flourishing of children ensures social and cultural progress. Therefore we must provide the best educational facilities and opportunities for them.

Childhood should be carefree, playing in the sun; not living a nightmare in the darkness of the soul.

## OPPORTUNITIES TO MAKE A DIFFERENCE

Children are more powerful than oil, more beautiful than rivers, more precious than any other natural resources a country can have. So let us give the best of ourselves to them and protect their future.

The entire world in all its glory is inferior to our love for children.

They deserve our love and a place in our hearts.

## **CHILDREN'S RIGHTS:**

### **HUMAN RIGHTS**

Children's rights are human rights. They protect the child as a human being. As human rights, children's rights are constituted by fundamental guarantees and essential human rights:

- Children's rights recognize fundamental guarantees to all human beings: the right to life, the non-discrimination principle, the right to dignity through the protection of physical and mental integrity (protection against slavery, torture and ill-treatment, etc.)
- Children's rights are specifically adapted to the child because they

consider their fragility, specificities and age-appropriate needs.

- Children's rights plan to satisfy the essential needs for the good development of the child, such as access to appropriate nutrition, necessary care, education and health. So children have to be helped and supported and must be protected against labour exploitation, kidnapping, and ill-treatment.

## THE POWER OF LOVE

One of the most powerful ways that you can join us is by leaving a gift in your Will. You can be sure that a gift in your Will to **International Liberty Association** will build a better world and transform many children's lives like Zahra.

## PAINTING HER DREAMS

I am Zahra. I sell goods in the street to buy medicine for my sick father who is not able to work. Waiting for someone to buy, I paint my dreams for a better future for our family.

Zahra is one of the many child labourers in Iran

## CHILDREN: UNIVERSAL VALUES

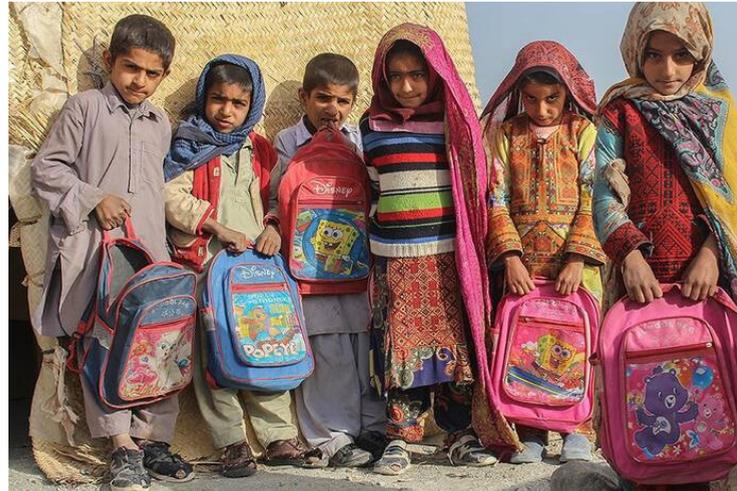

To live a happy life, tie it to a goal. Our actions today translate into values for future generations. Our children learn from us today kindness, forgiveness and putting others first. Aid us in helping to fulfill their tomorrow.

Children's housing stability can shape their future

## THE ART OF GIVING

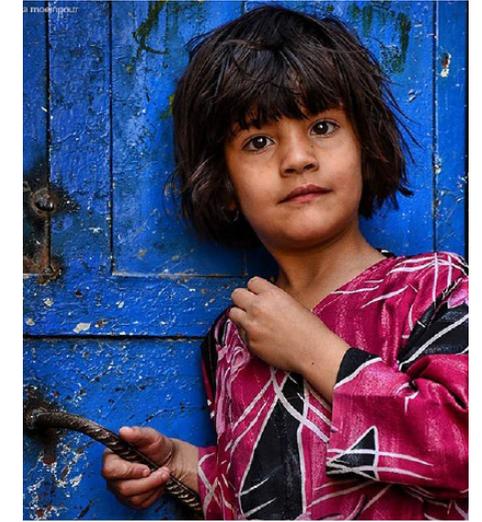

Our values will resonate in history and our beliefs can be represented beyond our life span. Together, we have kept our visions and dreams. That is what we want for our children. Your Will gives them the chance to be a child.

## SMILE OF DREAMS

I am Arezu first on right .  
I want to become a doctor  
and help sick children.  
Fatemeh wants to become a  
teacher .  
Ahmad first on left wants to  
become an architect.

When I think of our dreams,  
I smile happily.

**WITH YOUR GIFT, THE SEEMINGLY IMPOSSIBLE IS POSSIBLE.**

**"WE MAKE A LIVING BY WHAT WE GET, WE MAKE  
A LIFE BY WHAT WE GIVE"**

**OUR COMMITMENT:**

We are united in the belief that every child should have the chance to change the world. This belief unites us, drives us and brings us together to make anw astonishing impact for future generations. By addressing the plight of forgotten children, we are using a wide network of friends and supporters to echo and extend the voice of children's rights organisations and engage UN bodies to act in defence of children.
